# PETITION UNDER 37 C.F.R. §1.181

**Mail Stop: Petition** Commissioner for Patents P.O. Box 1450 Alexandria, VA 22313-1450

Sir:

Applicant respectfully petitions from the Examiner's assertion that applicant's Declaration fails to comply with 37 CFR §1.161 and the Examiner's requirement for a new Declaration, and petitions from the inability of the Examiner to comply with the mandate for completeness set forth and 37 CFR §1.104(a)(b) and (c) (as amended), and as reasons therefore, states that:

Folio: P56218

I.D.: REB/ny

Date: June 9, 2004

### **STATEMENT OF FACTS**

- 1. In conjunction with the filing of the above-captioned pending U.S. application, applicant signed and dated a Declaration written in accordance with PTO/SB/01, which stated, *inter alia*:
  - "I acknowledge the duty to disclose information which is material to patentablity and to the Examination of this application in accordance with title 37 of the code of federal regulations §1.56"; and
  - "I acknowledge the duty to disclose information material to patentablility in title 37, the code federal regulations, §1.56(a) which became available between the filing date of prior application and the national or PCT International filing date of this application."
- 2. In paper No. 7 issued by the Examiner on the 4th of June 2004, the Examiner wrote that:

"The declaration filed on 11/24/2000 is acknowledged. However, the Applicant must disclose information material to patentability under 37 CFR 1.56, not a portion of 37 CFR 1.56 (in this case 1.56a). See 37 CFR 1.61, which states that the declaration must "state that the person making the oath or declaration acknowledges the duty to disclose to the Office all information known to the person to

be material to patentability as defined in §1.56." A new oath/declaration is required."

As of the 4th of June 2004, the Commissioner, through the Office of Patent Legal Administration, continue to publish PTO/SB/01, which stated, in part, that

"I acknowledge the duty to disclose information which is material to patentability as defined in 37 CFR 1.56, including for continuation-in-part applications, material information which became available between the filing date of the prior application and the national or PCT International filing date of the continuation-in-part application."

3. During a telephone discussion with the Examiner on Monday the 7th of June 2004, the Examiner was (i) unable to state whether the language set forth by OPLA in PTO/SB/01 was unacceptable to the Examiner, (ii) whether the language set forth by OPLA in PTO/SB/01 fail to comply with 37 CFR §1.61; (iii) whether the Examiner had considered that applicant's Declaration contained each word, statement, phrase and averment set forth in PTO/SB/01; (iv) that the Examiner had not considered that applicant's Declaration contained two discreet and separate references to 37 CFR §1.56; (v) the Examiner stated that he was unfamiliar with any requirements of 37 CFR §1.104; (vi) the Examiner also stated that he had not confirmed with Office of Patent Legal Administration prior to issuing paper No. 7,

- that the language set forth in PTO/SB/01 was unacceptable and did not comply with 37 CFR §1.61.
- 4. As of the 4th of June 2004, the Office had neither amended nor inserted language into 37 CFR §1.61; currently, 37 CFR §1.61 states nothing about the content of an oath or declaration.

#### **REMARKS**

Paper No. 7, in fact, challenges the completeness of the language set forth by the Office of Patent Legal Administration in PTO/SB/01 and holds that this language fails to comply with 37 CFR §1.61, dispite the fact that §1.61 states nothing about Declarations or the language of Declarations. Moreover, 37 CFR §1.63(b)(3), simply states that the "person making the oath or declaration acknowledges the duty to disclose to the Office all information known to the person to be material to patentability as defined in §1.56." Office of Patent Legal Administration has incorporated to this requirement in the language set forth in PTO/SB/01.

The Examiner has acknowledge that he has not conferred with OPLA about this issue, is unfamiliar with 37 CFR §1.61, and does not understand the issues raised by the two different references to 37 CFR §1.56 set forth in applicant's declaration. Moreover, the Examiner stated that he is unfamiliar with 37 CFR §1.104.

### **RELIEF REQUESTED**

The Commissioner is therefore, respectfully requested to:

- A. State in writing that applicant's Declaration(s) are in full compliance with the code of federal regulations, specifically, 37 CFR §1.63 and any requirement imposed upon the applicant to acknowledge a duty of disclosure under 37 CFR §1.56;
- B. Return paper No. 7 to the Examiner for revision in compliance with 37 CFR §1.104(a), (b) and (c);
- C. Withdrawal the Examiner's requirment for a substitute Declaration; and
- D. Grant such other and further relief as justice may require.

Respectfully submitted,

Robert E. Bushnell
